

Request for Qualifications (RFQ) 2023-2024 On-Call Geotechnical Engineering Services

Questions & Answers

Q: The RFQ states the proposal must be limited to 8 pages, double-sided if needed. Does that mean we have an option of 16 total pages, or is it strictly 8 pages? And do the 8 pages include a cover letter and resumes?

A: Eight double-sided pages when printed, for a total of 16 electronic pages. All pages submitted count towards the page limit.
